JOSEPH PEED.

Mr. Joseph Peed, whose death Sunday at his home at Mayslick was noted yesterday, was born in January, 1848.

He was twice married—his first wife being a daughter of Jesse Jefferson, by whom he leaves one daughter, Mrs. George Bascom of Sharpburg; his second wife was a daughter of Dr. H. L. Parry of Mayslick, who survives, with four children, Misses Nannie, Bessie and Mary, the latter at present attending school at Holland, Va., and A. M. Peed.

He leaves also two brothers—J. J. of Millersburg and William Peed of Indianapolis—and one sister—Mrs. M. A. Slack of Frankfort.

Mr. Peed was formerly engaged in business in this city, and was one of the best known citizens of Mason county.

The funeral will take place at 2 o'clock this afternoon, with short services at his home at Mayslick, the interment following in Mayslick Cemetery.

## BENJAMIN D. PARRY.

Benjamin D. Parry, one of this city's venerable and highly esteemed citizens died last night at 8:15 o'clock from injuries received during the day by falling down an open cellar-way at the home of Mr. E. P. Browning in West End Terrace.

He has been making his home for several years with his son and daughter-in-law, Mr. and Mrs. Charles Parry in West Front street.

During the flood, when Front street residents were threatened with invasion from high water, he accepted an invitation to sojourn with Mr. Browning during the flood tide.

Yesterday morning during the absence of Miss Lida Browning, it is conjectured, while passing from one room to another he mistook the cellar-way for that of the dining-room door and stepped to his death.

Being missed and a search instituted he was found at the bottom of the steps, bleeding from a wound in the head and in an unconscious condition, from which he never rallied, although Drs. Adamson and Smoot were summoned to his aid and did all in their power for his relief.

He was born in Washington April 7th, 1820, and had he lived until the 7th of April would have been 87 years old.

He was Circuit Clerk of Mason county for two terms, and occupied other positions of importance and responsibility.

He was twice married—his first wife being Miss Ann Groves of Mayslick, by whom he had two children—Groves Parry of St. Joseph and Mrs. Priest of Missouri. His second wife was Miss Mary Humphreys of Washington and his children by her are Messrs. William, Charles and Glenn Parry.

The arrangements for the funeral have not been made.

Thomas A. Keith being granted the floor addressed Council in behalf of a State Building at the Jamestown Exposition. He stated that the amount apportioned Maysville and Mason county by the State Executive Committee was \$543.33. He asked that Council donate half the amount, stating that at the next meeting of the Fiscal Court he would appear before that body and ask that an equal amount be appropriated by the county, which he felt reasonably sure would be granted.

While the members manifested a disposition to comply with the request, the Mayor informed Council that not until next year's levy had been made could such a proposition be entertained, as there was no money on hand from which the amount could be drawn, and that the matter would be held in abeyance until such time and then action could be taken and the money appropriated. The Mayor was authorized to issue six \$500 notes, for current expenses and to pay \$1,240 interest.

A contract submitted by the Paving Committee and read in open Council, employing Civil Engineer John Sanborn of Huntington, W. Va., in the capacity of City Engineer to look after the construction of the contemplated brick streets, was accepted and ratified after considerable time had been wasted in useless talk and the Mayor authorized to sign same in due form. The Engineer's salary is 4 1/2% of total cost of construction.

## Linen Experience

For twenty-two years we've been buying linens for Mason county trade. That's a long experience. It's enabled us to learn linen values thoroughly. There's never any risk in buying linens here. If we say it's linen you may be certain there's no background or intermingling of cotton threads.

Then we plan to meet broadly the tastes of all women. If an extreme pattern appears we put it in stock for the women who admire extreme designs, but we continue to take care of the women who prefer staple and simple patterns.

Never have judicious buying and good taste combined more happily than in our present linen stock—and we are selling on the basis of contracts placed months ago, notwithstanding linen prices have moved forward in seven league boots. Profit by these if your linen supply shows gaps.

### NARROW ESCAPE

From Death Made By William Proctor at Pulley Works

Mr. William Proctor, an employee of the Ohio Valley Pulley Works, met with a painful and serious accident yesterday morning.

While engaged in running a machine his hand was caught in the cogs, and in his endeavor to extricate the member he was thrown against the belt of a nearby fly wheel, the contact, fortunately, displaced the belt, otherwise he would have been whirled to his death.

Besides contusions about the head, it required twenty stitches to sew up the lacerated hand.

Saturday Lewis Pelham, who resides above town, was splitting a log and in striking the wedge it flew out and struck him a fearful blow in the head.

It is needless to say, that for a few minutes Lewis saw a million stars all at once, and the earth went around in a whirling fashion.

He is able to be about.

### PYTHIAN HOME

At Lexington Will be Formally Opened August 1.

The directors of the Pythian Widows' and Orphans' Home met at Lexington and decided to push the work of improvement on their new Home and have the formal opening and reception August 1st.

The building will not be formally dedicated by the Knights, however, until October, 1908, as at that time there will be a meeting of the Lodges from all over the country and the dedication will be accompanied by suitable services.

The matter of a Superintendent was left over for a later date.

The old colonial style of the building has not been changed in any way, but the interior of the building has been entirely remodeled. The building contains room enough to comfortably house fifty people. It will be furnished with its own sewerage system, water lines, heating and lighting and will be complete in every detail. The rooms will be handsomely furnished throughout, as all the Subordinate Lodges of the State have pledged a certain amount towards the proper fitting out of the home.

## THANKFUL

To my many friends and the public generally who have in the past extended to me such a liberal share of their patronage, which has helped so materially in making my business in Maysville such a success: I want to assure all that I fully appreciate what they have done for me, and promise that I shall, by renewed efforts, endeavor to retain the confidence of the public by pursuing the same course of fair dealing and polite attention in the future as in the past and selling the very best goods at the most reasonable prices.

My stock is now the largest and most varied it has ever been my pleasure to offer to the public, consisting of every article in the Staple and Fancy Grocery line. These goods are fresh and new and of the very best quality. My last shipment of New Crop Open Kettle Molasses is now in and they are strictly fancy, and in spite of the fact that prices on these goods have materially advanced I am still selling them at the very low price of 50c per gallon. My stock of CANNED GOODS is unusually large and the quality of the very best.

The demand for PERFECTION FLOUR is rapidly growing because it is beyond a doubt the very best Flour sold in Maysville or that can be made. It has no superior anywhere. The run on my fine Blended Coffees has been enormous and is constantly increasing. I am still selling these fine goods at 15c, 20c and 25c per pound, and if you want a strictly fancy high grade Mocha and Java, the finest that can be produced, don't fail to call for the famous "Harrington Hall," steel cut, sold only in one-pound airtight tins at 35c per pound. A fresh supply of fall catch Mackereel just in. If you want something extra try one of my fancy Blister Mers, heads and tails off.

A big invoice of very fine Premium Chinaware just in, a sample of which may be seen in my warehouse window. These goods I give to my CASH customers in redeeming tickets given out with their cash purchases. Until further notice DOUBLE TICKETS will be given with each cash purchase on SATURDAYS. By taking advantage of this proposition the purchaser will very soon accumulate enough tickets to secure a fine set of china FREE OF COST.

I buy strictly fancy Table Butter, Fresh Eggs and Country Produce generally, for which I pay cash or trade at lowest cash prices. I want every one to come and see me; always welcome. If you don't want to buy it will be a pleasure for me to show you the nearest, the cleanest and the best kept store in Northeastern Kentucky. Thanking all again, I am most sincerely,

The opening play last night was "The Burglar," which was well presented, each and every member of the company being artists in their parts and the play was greatly enjoyed by the large house. The supporting company this season is even stronger than when last seen here. The vaudeville features, which included Mr. Cliff Watson and Foster Ball and Babe Doris, were above the average seen with a popular price company. Tonight for the first time here "The Whole Damn Family" will be given. Ladies will be admitted free again the same as last night if seats are reserved before 6 p. m.; also two bargain matinees will be given during the week—on Wednesday afternoon at 3 p. m., when the prices will be 10 cents to all parts of the house for everyone, and again on Saturday, when the pretty play of "Little Lord Fauntleroy" will be the offering.

**CUTICURA REMEDIES IN ALL PARTS OF PARISH**

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she employed Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came back, but very slightly; but it did her a sight of good. Then she complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much, and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M. Robert, Hydropolis, La., Jan. 5 and Sept. 1, 1906."

## SOUTHERN MAN CURED Of a Terrible Eczema by Cuticura in Six Weeks.

"Some time ago I suffered terribly with eczema, and I had the best medical attendance, but the more medicine I took the worse it seemed to get. I kept on with medicine for about five weeks until I saw the Cuticura Remedies advertised, and I at once purchased the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, but had not the slightest hope of them curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise any one suffering from this terrible disease to use the Cuticura Remedies. Henry J. Steljes, 132 Spring St., Charleston, S. C., June 12, 1906."

### A CENTER OF ATTRACTION

The Maysville Public Library a Most Popular Institution

One of the most popular institutions ever known to this town and county is the Public Library.

It seems to give pleasure to all classes, and during the most inclement days of the winter season the large reading hall has been crowded with visitors—men, women and children—numbering from sixty to a hundred every day—all eager to share the advantages of this beneficent work.

If, as Carlyle says, "the best university is a collection of books," then we have in this library an educator of the highest class.

We found there the other day one of our brightest and most capable young business men who is connected with a great mechanical establishment, studying the principles upon which the business rests in a series of valuable publications recently added to the collection.

The place is a favorite resort of the school children, and there are no visitors whose faces are more frequently seen than the young women engaged in the various pursuits of industrial or commercial life.

Much of the success of this institution is due to the popular and accomplished Librarians who have it in charge. Their courtesy is charming.

The Ohio is about free of ice again—for a while at least. Now for the next trouble.

Oldrieve, the water-walker, has made fine time and is almost sure of winning his bet.

In some sections the flood just passed was considered the worst ever, due, perhaps, to the fact that the Ohio Valley is more thickly populated now than before.

During October, November and December 20,000,000 bushels of coal was shipped to Southern ports by the Monongahela River Consolidated Coal and Coke Company the largest output in years.

An' 'w'en it gits ter actin' nice,

### WAGON ROADS IN KLONDIKE.

There Are Already More Than Three Hundred Miles.

There are many miles of good wagon roads in the Yukon territory, especially in the region immediately tributary to Dawson. The construction of these ways of communication is due entirely to the enterprise of the government and assists materially in opening up the country.

The building of roads in this immediate region has reached a total of just about 300 miles, not including the White Horse trail, which is intended only for winter use and is not a first-class carriage road.

Stage lines are maintained on several of these roads, but they are open for the free use of vehicles of all kinds and are in constant use.

They greatly facilitate not only the regular travel between Dawson and the creeks and between principal points on the different streams, but they assist greatly the movement of heavy machinery and afford a distinct economy in the working of properties.

The roads will not be less appreciated now that a railroad is being built through a part of the Klondike region.

This railroad has now been constructed as far as Grand Forks and will be extended if the promoters carry out their plans.

### NO STRIKING CLOCKS FOR HIM.

He Had One, but Its Erratic Methods Made Trouble.

"One thing I have always wanted is a clock that strikes," said Robert Mateer of the Wabash, according to the Kansas City Star. "Such clocks were a necessary part of household furnishings when I was a boy. Well, I found one on the table Christmas, bearing a card, upon which was written my name. Before I got the clock I was in trouble trying to see the time in the early hours without setting fire to the house. Of course, I expected the clock to put an end to my woes. The next morning after Christmas it worked all right and as I lay awake I heard it strike six and hustled out for work."

"The next morning I was awakened by hearing the clock strike six and without further ado packed myself down to office, only to find I was three hours ahead of time, after waiting 20 or 30 minutes for an owl ear to boot."

"The following morning I again heard it strike, but as I counted only four strokes I turned over for another snooze. When I awoke I found I had overslept two hours."

"I've reformed on the clock proposition," concluded Mr. Mateer, "and all I desire now is a strong, sharp ax."

### The Best Meat-Smoking Process

The new process of coating meat with a purified essence of smoke is far superior to the old, crude way of meat smoking. The new process deposits only what is needed to preserve and flavor, while the old way deposits soot and much else that's undesirable.

### Chenoweth's Liquid Meat Smoke

Insures perfect results. The meat looks better, tastes better, is heavier, as juices are not dried out by heat, keeps better and it is better protected against insects.

Unable to reach a satisfactory agreement, the arbitration committee, which has been in session in Lexington for several days, trying to effect a settlement of the big Breathitt county land controversy, involving the ownership of \$800,000 worth of valuable mountain land, adjourned Saturday and the arbitration proceedings are all off. The case will now go back to the Courts for adjudication, and the next move will be an application before Judge A. M. J. Cochran of the Federal Court to dissolve the temporary injunction against the receivership appointed sometime ago by Judge Riddle of the Breathitt Circuit Court. Hon. E. L. Worthington was one of the Attorneys in the case.

Department of our store. By giving special attention to the most minute details we turn out Harness whose longevity rivals that of the Deacon's wonderful one-horse shay, which, as you all know, was so wonderfully constructed that it did not wear out in any one particular place, but, after being used for one hundred years to the minute, went to pieces all at once. Our workmen, being skilled at their work, know, as did the Deacon, that "Tis mighty plain that the waker's place mus' stan' the strainin', 'n the way t' fix it, uz I maintain is on'y jes' to make that place uz strong uz the rest." We can give you the names of some of our customers to whom we sold work harness when we first went into business, and which is still as good as new. Assistant Superintendent—Landon Hull.

Secretary and Treasurer—Miss Leola Breeze.

Organists—Misses Georgia Kuark and Lelia Teagar.

The Sunday-school is in a flourishing condition. Rolla Teagar and Marshal Calvert opened up a new grocery and butcher shop in Mrs. Emma Boyd's storeroom. The more competition we have the more live our little village will be. What we need now is good roads and good schools. Our teachers, Harold Hambrick and Charles Burdick, are giving very good satisfaction, as far as is known, but the law ought to be enforced, and make all of school age go to school, we also need some one who will take up the interest in having a new school house. What is the matter we cannot have a Graded School? Let some live wide awake person take the matter up. Perhaps before another term we can have our school house and yard in first class condition.
